Rationale

A uniform policy reinforces in students a pride in their own appearance, instils recognition of themselves as an integral part of the school community, and assists in developing pride in representing their school. Issues of safety, health and equality, and expense are also factors that underpin the need for a school uniform. Uniforms help students to prepare for when they leave school and may have to dress smartly or wear a uniform.

Aims

To promote equality amongst all students.

To further develop a sense of pride in, and identification with our school.

To provide smart, durable clothing that is cost effective and practical for our school environment.

To maintain and enhance the positive image of the school in the community.

The uniform policy applies during school hours, while travelling to and from school, and when students are representing their school e.g. excursions and other school events.

New Uniform

New school uniforms with the school logo must now be purchased online. There are a range of sizes kept at the school shop for those pupils who wish to try on the clothes before ordering..

Policy

The uniform policy, including details of uniform items and places of purchase will be revised and published each year

Non-compliance

Students who do not comply with the dress code will be asked to remove the offending items. If they continue to wear the offending items a letter will be sent home to inform their parents. Repeated non-compliance will result in a meeting with parents to resolve the issue.

This policy will be reviewed as part of the school's review cycle in September 2023
